We are excited to share some of the progress that has taken place with the repair and renovation

work on the first floor Cockrell Children's Building. You may recall it was the victim of a burst pipe back in December, resulting in extensive water damage. With the necessity of extensive repair, the decision was made to engage in long-desired updates. This work includes new plumbing, expanded classrooms, a reimagined Early Childhood Ministry (ECM) office and entryway, and other modern amenities that will expand the amazing care our ECM provides to our children. The work is on track for a late summer reopening ahead of the new school year. We look forward to welcoming our families to this new imagined space later this year.
